

ATLANTIC WEST MANAGEMENT LTD. – An Overview

Our Headquarters

Our Promotion Van

Located in the Scott's Hill section in a modern industrial environment, everything required to run an Internet Gaming Operation is included under one roof. In addition to being a full service Internet Service Provider and a fully Licensed Internet Casino & Sports Book, Atlantic West provides complete Transaction Processing, Live Customer Support, and even the creation of Gaming Software. All of this, from our low cost facility in Antigua.

Originating out of the combination of several entities, AWMG effectively got it's start in 1999 and is one of the Pioneers in the Internet Gaming Business. The company as it exists today is a combination of several companies, all of which are involved in the Internet Gaming & On-Line Wagering Business.

Atlantic West Web Sites

The following 61 websites are owned and operated by Atlantic West Management Ltd.

CORPORATE SITES:

These sites are primarily designed as corporate image sites and also provide information for our investors as to the status of their accounts.

atlanticwestgaming.net, atlanticwestgraphics.com, atlanticwesthosting.com,
atlanticwestmanagement.com, caribbeaninternettechnology.com, rainbowpartnersinfo.com,
softnetcommunicationscaribbean.com, softnetmarketing.com

GAMING GATEWAY SITES:

These are our individual gaming sites, and although they all lead to the same gaming software, they allow us to track the effectiveness of our various ad campaigns. In addition to providing games and sports book facilities, each site has a complete re-seller (banner) program. In addition, the variety of site names enable us to try out the effectiveness of various promotions.

aaagaming.com, antiguaneducationlottery.com, antiguanelottery.com, antiguanelotto.com,

OTHER PROMOTERS GAMING GATEWAY SITES:

clubflagscasino.com, placeyourchip(s).com

TRANSACTION SITES:

realchancecard.com, realdealcard.com

Some Additional Capabilities and Future Plans

In addition to providing a full compliment of casino games with a complete sports book, our sites all offer full re-seller programs. Our sports book is equipped to handle "Remote Gaming" through the use of our specially designed EPOS solution. This enables us to place an actual Terminal, complete with a ticket printer and a cash drawer that allows the user to provide complete sports book and horse racing action at their location. This technology allows us to link with small land based casinos and gives the casino full sports book and horse racing wagering capability. All lines and odds are updated automatically through our server, and all action is recorded in real time by our server.

We have the ability through our generic casinos (thisinternetcasino.com etc.) to provide down-line solution for other promoters who wish to use their Marketing Expertise to drive their own traffic to our games.

All of our sites offer both "Play For Fun" and "Play For Real" action. Our future plans include complete redevelopment of our Poker Games and our Slot Machines to allow for Multi-Player and Tournament Capabilities.

We are also enhancing our Sports Book to allow for Live Wagering through the use of a Toll Free Number. We have installed a 26 seat call center for this purpose and expect to have it fully operational during the first quarter of 2006.

Because the only outside services we purchase are "Raw Bandwidth & Electricity" we are in the unique position of having full control over every aspect of the Internet Gaming Experience. Additionally, with the addition of Multi-Player Games and Live Wagering, we will have every aspect of the gaming industry covered.

"The Atlantic West Management Group is ready to launch a 100% complete World Class Internet Gaming Business with tremendous profit and growth potential. Plans include formation of a "first in the Industry" Vertically Integrated Bank to facilitate financial transactions with the Players, development of the fascinating multiple player Poker environment and a Corporate Trading Center to maximize profits on Cash Flow." This Corporate Trading Center has the potential to double the gaming profits like it does for Harvard University and Dell Computer for example,

The Industry experiences a \$250 cost to acquire each new player/customer. The industry experiences a 17% gross profit from an average player. \$25 million Dollars of Advertising will acquire 100,000 players world-wide and drive \$1 per share of profits. There are 1 Billion known Players in the world wide Market. The potential Market is 10,000 times bigger than the 100,000 Players used in this example.

If you have additional interest in learning more about the opportunities available for participation in this exciting project, please contact us at: 268-464-5996
